

Ramin Cavadov

Manual QA Engineer | Web & Mobile Testing

Baku, Azerbaijan | +994 70 844 29 04 | 1zic.rs1@gmail.com

Manual QA Engineer at Global Management since December 2025. I test websites, CMS platforms and Android/iOS apps, with basic knowledge and hands-on experience of automated testing using Python and Playwright.

Work experience

Global Management | QA Engineer December 2025 - Present

Projects include: [BAKU.WS](#) / [Oxu.Az](#) / [AzPolitika](#) / [Report](#)

- Define the necessary checks and perform functional and regression testing before production releases.
- Test creation and editing of content and announcements in the CMS, including image uploads and correct display.
- Test Android and iOS apps through BrowserStack, including installation and launch. Use Android Studio and Xcode for mobile issue investigation and viewing iOS logs.
- Report defects in the internal ERP system and create test cases and checklists in Google Drive.
- Write basic UI tests with Python + Playwright for page loading, news and element visibility, and search functionality. Run tests locally.

A1QA | QA Trainee 2024 - 2025

Worked and trained at the international company A1QA. Earned a certificate in functional testing.

Skills & tools

Manual testing: functional and regression checks, CMS, test cases, checklists and bug reporting.

Mobile: Android, iOS, BrowserStack, Android Studio, Xcode (log inspection).

API & data: Postman, REST API, basic SQL queries, Chrome DevTools, Charles Proxy.

Automation: Python + Playwright, basic UI tests, local test execution.

Documentation: internal ERP, Google Drive; familiar with Jira and TestRail.

AI: ChatGPT, Codex, Gemini - drafting and structuring bug reports, support for QA tasks.

Personal project

KidsMap ([kidsmap.az](#)) - my website for finding activities and places for children in Azerbaijan. I am developing it myself using AI tools and my design and QA knowledge. In development.

Previous experience

Graphic, Motion & Web Designer | Indecor Bureau / Advertising Bureau / Electroaz | 2020 - 2024

3D Designer | 3DTechnology | 2019 - 2020
